Contract No. GS-11B-19066

Subj: Vehicle Access

Gentlemen:

Access to the south side of our building site has been limited to the Southwest Access Road between the Power House and our project. With winter approaching and the possibility of snow and ice, it is felt this roadway could become a danger and a hazard.

Please inform security that we will be using the access roadway as shown on our contract fence Plan B, C and D which has been restricted from use since gaining access to the upper level of the parking garage.

Very truly yours,

CENTEX CONSTRUCTION COMPANY, INC.,

Project Manager
